

# COVID-19 RISK ASSESSMENT

GENERAL INFORMATION			
<b>Assessors Names:</b>	Victoria Yallop (H&S Coordinator) Kasia Lewis (HR Manager)	<b>Date of Assessment:</b>	05/10/2021
		<b>Reference No.</b>	WRT/COVIDRA/07
<b>Company:</b>	Westcountry Rivers Trust		
<b>Location:</b>	Rain-Charm House, Kyl Cober Parc, Stoke Climsland, Cornwall, PL17 8PH		
<b>Applicable Areas:</b>	Office and outbuildings. Outdoor working at site locations.		

HAZARDS COVERED	
Workplace – General Travel to Work Workplace Entrances / Exits Deliveries and Pick Ups Homeworking Outdoor Site Visits & Work Equipment Welfare Facilities Cleaning, Touch Points	Waste Management Office Activities / Equipment - Workstations Meetings Training, Briefings / Toolbox Talks Emergency Procedures, Fire & Evacuation Mental Health First Aid - Stress and Anxiety

ADDITIONAL SAFE SYSTEMS OF WORK REQUIRED?	
<b>Yes - Safe Working Procedure(s)</b>	<b>Yes Permit(s) to Work (if applicable)</b>
First Aid Guidance and also refer to Site Specific Risk Assessments as appropriate.	Refer to Site Specific Risk Assessments.

Notes
<ul style="list-style-type: none"> <li>COVID-19 Addendum to Existing Risk Assessments; Any employee presenting with either a high temperature, new continuous cough or a loss of, or change in, your normal sense of taste or smell (anosmia) should self-isolate for 7 days from the start of their symptoms and contact HR to inform WRT that you are doing so. See WRT Guidance on Self-Isolation for details.</li> <li>As per government guidance the risks of COVID-19 need to be managed through social distancing, hygiene and fixed teams or partnering, not through the use of PPE. The role of PPE in providing additional protection is extremely limited.</li> <li>Volunteers may continue to undertake surveys at this time, if they feel they can do so safely in accordance with government guidance and this risk assessment (also see WRT Guidance on Volunteering Safely during COVID-19).</li> <li>Public Health England has advised that hand sanitisers should have 60% or higher alcohol content to be effective against the COVID-19 virus.</li> <li>For further guidance about COVID-19 refer to the NHS and Public Health England websites, and other guidance available - HSE, WHO.</li> </ul>

RESIDUAL RISK LEVEL (all specified controls implemented)	Intolerable <small>Do not proceed</small>	HIGH <small>Do not proceed without further controls</small>	MEDIUM <small>Proceed – develop further controls</small>	LOW <small>Proceed – with existing controls</small>
		X	X	✓

DECLARATION			
Based on this risk assessment, the level of risk has been reduced as far as reasonably practicable (ALARP).			
<b>Signature: Assessor/s</b>	Victoria Yallop, Kasia Lewis	<b>Position:</b>	H&S Coordinator, HR Manager.
<b>Signature: Manager / Supervisor</b>		<b>Name &amp; Position:</b>	Dr Laurence Couldrick Chief Executive Officer
<b>Due date of next assessment: 19/11/2021</b>		Monthly review unless govt guidance changes.	

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
<p><b>Workplace - General</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Visitors</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>• Staff are encouraged to work from home;               <ul style="list-style-type: none"> <li>○ People who were previously considered clinically extremely vulnerable (CEV) will not be advised to shield in the future or follow specific national guidance. As a minimum continue to follow the same guidance at <a href="https://www.gov.uk/guidance/covid-19">https://www.gov.uk/guidance/covid-19</a></li> <li>○ Allow staff to work from home if they are self-isolating due to someone in their house showing symptoms and not unwell themselves.</li> <li>○ If someone in your household tests positive for COVID 19, work from home and do not book to come into the office for at least 10 days as you could contract COVID 19 at any point.</li> <li>○ Voluntary placements to be reviewed on a case by case basis.</li> </ul> </li> <li>• Number of staff on site (at Rain-Charms House and on outdoor site-visits) recorded.</li> <li>• Office to remain open with minimal support staff in to ensure phone and front of desk cover between 9 and 5pm. Other staff attending office is restricted and days / hours must be booked in with designated coordinator in advance. A minimum number of 'drop-ins' is allowed per day, restricted to maximum numbers.</li> <li>• Risk assessment and safe working procedures established for control of COVID-19 in the workplace.</li> <li>• Risk assessment and safe working procedures regularly reviewed, updated and communicated to staff</li> <li>• Critical management / roles have been identified (CEO, Mgt Team, H&amp;S, HR) .</li> <li>• Face to face meetings between different teams are minimised and conducted remotely when at all possible.</li> <li>• Timesheets and similar are submitted electronically to avoid unnecessary contact.</li> <li>• Consideration given to whether any particular measures or adjustments should be put in place to take account of our duties under the equalities legislation, to be assessed on a case by case basis in discussion with HR / Mgt.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>• If unwell with symptoms of COVID-19, do not travel to or enter WRT premises or go out on site.</li> <li>• Follow WRT risk assessments and safe working procedures at all times.</li> <li>• Consider social distancing.</li> <li>• Follow booking system and Office RA when on site</li> <li>• <b>It's important that you continue to follow the working safely measures even if you have had the vaccine (either 1 or 2 doses).</b></li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Medium</b></p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
<p><b>Travel to Work (to include office and site visits)</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Volunteers</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>• Allow staff to travel, and provide written authorisation to third parties if required.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>• Avoid using public transport if possible, especially at peak times (06.00-07.30 &amp; 16.30-17.00).</li> <li>• Adopt alternative means of transport in place of public transport – run, walk, cycle.</li> <li>• Travel alone, using own transport where possible. Where vehicle sharing is unavoidable or where staff are happy and consider it appropriate to car share (eg: for long distance travel, delivery of work at multiple sites in one day or where parking limitations would make the use of multiple vehicles unsafe);               <ul style="list-style-type: none"> <li>- share with the minimum number of people possible and keep teams as consistent as possible</li> <li>- wear masks whilst in the vehicle.</li> <li>- use hand sanitisers and clean down surfaces regularly</li> <li>- stick to individual sides of the vehicle</li> <li>- maintain good ventilation (i.e. keep the windows open)</li> <li>- sanitise vehicle after each journey, with emphasis on touch points, including external handles and boot opening.</li> </ul> </li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Low</b></p>
<p><b>Overseas Travel for Work Purposes</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>• Allow staff to travel abroad to green / amber approved countries for work purposes.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>• Staff to register with HR the intent to travel abroad</li> <li>• Staff to carefully research the requirements of their destination country before travelling.</li> <li>• Check the travel restrictions at <a href="https://www.gov.uk/guidance/travel-abroad-from-england-during-coronavirus-covid-19">https://www.gov.uk/guidance/travel-abroad-from-england-during-coronavirus-covid-19</a> which include;               <ul style="list-style-type: none"> <li>• - the testing and quarantine rules for travelling abroad and returning to England</li> <li>• - whether proof of a negative COVID-19 test is required or proof of vaccination status to enter a country</li> </ul> </li> <li>• Staff should consider using the NHS COVID Pass <a href="https://www.gov.uk/guidance/nhs-covid-pass">https://www.gov.uk/guidance/nhs-covid-pass</a> (if fully vaccinated) to prove vaccination status when entering another country and when returning to England.</li> <li>• Un-vaccinated staff should continue to follow the entry requirements of the country they are travelling to, such as proof of a negative COVID-19 test on arrival.</li> <li>• Staff to have a copy of WRT's business insurance 'Lifeline Plus Employee Travel Pack' where there is also information on how to download the 'AIG Business Travel Assistance App' (recommended).</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Low</b></p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
<p><b>Workplace Entrances and Exits</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Visitors</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>Suspend all non-essential visitors.</li> <li>Authorised visitors arrive at designated times to reduce numbers on site.</li> <li>The office entrance has a hand cleaning station/sanitising station.</li> <li>Clear signs posted – symptoms of COVID-19, do not enter if displaying symptoms, social distancing, hand washing technique.</li> <li>Increase cleaning of common touch points around the premises.</li> <li>Ongoing monitoring by the Management to ensure effectiveness of control measures.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>Consider social distancing when entering / exiting the office at Rain-Charm House.</li> <li>Use hand sanitiser on entering and leaving the office at Rain-Charm House.</li> <li>Hand sanitiser made available in cabin, workshop and store shed.</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Low</b></p>
<p><b>Deliveries and Pick-Ups</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Sub-contractors Visitors</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>Where possible, items to be delivered directly to staff working from home.</li> <li>Otherwise, designated staff co-ordinate delivery at office to ensure safe unloading can be undertaken whilst social distancing.</li> <li>Deliveries are not signed for; other methods e.g. electronic, are used as confirmation.</li> <li>Hand cleaning station readily accessible</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>Consider social distancing.</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Low</b></p>
<p><b>Homeworking</b> Risk of low work output  Risk of isolation</p>	<p>Staff</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>WRT guidance on homeworking has been followed.</li> <li>Roles have been assessed for business criticality.</li> <li>Management understand which roles can be conducted effectively from home (e.g. admin, accounts).</li> <li>Homeworking has been implemented where possible.</li> <li>Regular contact is maintained through phone, email, MS Teams.</li> <li>All relevant systems are installed on employee computers.</li> <li>Regular team meetings and briefings are held.</li> <li>Monitor the wellbeing of people who are working from home and help them stay connected to those operating in an outdoor environment, especially if the majority of their colleagues are on-site.</li> <li>Weekly lunchtime socials to be set up.</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Medium</b></p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
		<p><b>Operational Controls</b></p> <ul style="list-style-type: none"> <li>Assess home office facilities to determine suitability e.g. segregated from family, comfortable, relevant equipment present.</li> <li>Conduct and document self DSE assessment.</li> <li>Verify sufficient band width to run required systems and software online.</li> <li>Competent to use required software and systems at home.</li> </ul>		
<p><b>Outdoor Site Visits and Work Equipment</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Volunteers Sub-contractors Visitors General Public Trespassers</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>Travel to work controls followed.</li> <li>Ensure compliance with RIDDOR reporting regulations; system for field staff to log site visits implemented.</li> <li>Landowner / funder permission to be obtained / checked before going to site.</li> <li>Fixed teams or partnering for outdoor work</li> <li>Machinery only used if work essential – risk assessment / appropriate measures in place</li> <li>Extra PPE/ RPE available in field staff first aid kits, in case a potential COVID-19 sufferer needs to be treated</li> <li>In the event emergency First Aid is required refer to ‘First Aid during COVID-19’ guidance.</li> </ul> <p><b>Operational controls</b></p> <p>If you are living with someone who has COVID and you do not need to self-isolate (are double vaccinated), and you choose to undertake outdoor working, you must inform colleagues and those you are meeting on site you are living with a confirmed COVID case. If all are happy you come to site, do not car share and maintain 2m social distancing.</p> <ul style="list-style-type: none"> <li>Site visits should only be undertaken where it is essential and not where it can be done over the phone.</li> <li>Email H&amp;S with site visit details to include names of those met on site, to include internal staff and external contractors / landowners, of who will be present.</li> <li>Plan for the minimum number of people needed to be on site to operate safely and effectively.</li> <li>If lone working, use the ‘buddy system’ (see Lone Working Procedure in the H&amp;S Policy)</li> <li>Determine if schedules for essential services and contractor visits can be revised to reduce interaction and overlap between people.</li> <li>Site guidance on social distancing and hygiene should be explained to all persons before arrival or on arrival if beforehand is not possible.</li> <li>Wash hands / use antiseptic hand gel on arrival and when leaving site.</li> <li>Consider social distancing.</li> <li>If you feel uncomfortable with the conditions on site (eg others not maintaining social distancing) end site visit immediately.</li> <li>Avoid touching any surface wherever possible (gates, stiles etc.).</li> </ul>	<p>Face mask Gloves</p> <p>Antiseptic Hand gel</p>	<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Medium</b></p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
		<ul style="list-style-type: none"> <li>• Use own tools / equipment wherever possible and if necessary – do not share with others.</li> <li>• Pool equipment (e.g. hand-held tools) to be cleaned after use.</li> <li>• Identify areas where people have to directly pass things to each other, such as shared tools, materials or job instructions, and find ways to remove direct contact, for example by using drop-off points or transfer zones.</li> <li>• Display signage where possible to inform the general public you are undertaking outdoor work and to maintain social distancing guidelines.</li> <li>• Display signage on rights of way that cross your workplace to remind the general public to maintain social distancing.</li> <li>• Wearing a face covering is optional and is not required. If you choose to wear one, it is important to use face coverings properly and wash your hands before putting them on and taking them off (see staff guidance for wearing face masks).</li> <li>• If you have mild symptoms see guidance in Notes section inform your manager and HR and return home to self-isolate immediately, as in line with government guidance.</li> <li>• If you are cleaning after a known or suspected case of COVID-19 then you should refer to the specific guidance (see Cleaning through Covid-19 protocol).</li> </ul>		
<p><b>Welfare Facilities</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces</p>	<p>Staff Visitors</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>• Hand cleaning               <ul style="list-style-type: none"> <li>– Sufficient hand cleaning stations in place, strategically located, e.g entrance and by printer.</li> <li>– Adequate supplies of sanitiser, soap and water are available in various locations around the premises including toilets, entrances / exits and kitchen area.</li> </ul> </li> <li>• Toilets               <ul style="list-style-type: none"> <li>– Social distancing to be maintained</li> <li>– Hand washing area, to include hand-dryer, provided to allow hand cleaning before and after use of facilities</li> </ul> </li> <li>• Food and drink               <ul style="list-style-type: none"> <li>– Staff advised to bring in a flask and pre-prepared cold meals</li> <li>– Adequate facilities provided to store food and drink</li> </ul> </li> <li>• All welfare facilities kept in clean and tidy condition</li> <li>• Ongoing monitoring by Management to ensure effectiveness of welfare / hygiene arrangements.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>• Aware of welfare arrangements and additional hygiene requirements.</li> <li>• Bring pre-prepared food and a refillable flask / drinking bottle to work if possible.</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Medium</b></p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
<b>Cleaning, Touch Points</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces	Staff Sub-contractors	<b>Management controls</b> <ul style="list-style-type: none"> <li>Office space including welfare facilities and communal areas regularly cleaned</li> <li>Enhanced cleaning procedures focusing on touch points include;               <ul style="list-style-type: none"> <li>Desks</li> <li>Telephones</li> <li>Keyboards, photocopiers and other office equipment</li> </ul> </li> <li>If you are cleaning after a known or suspected case of COVID-19 then you should refer to the specific guidance.</li> </ul> <b>Operational controls</b> <ul style="list-style-type: none"> <li>Clean and wipe down desk and work areas particularly if hot desk area.</li> </ul>		Initial – no controls: <b>High</b>  Final - with controls: <b>Low</b>
<b>Waste Management</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces	Staff Sub-contractors	<b>Management controls</b> <ul style="list-style-type: none"> <li>Sufficient bins provided in all welfare facilities / communal areas</li> <li>Bins are emptied and cleaned regularly</li> </ul> <b>Operational controls</b> <ul style="list-style-type: none"> <li>All rubbish / food waste put straight into bins provided – not left on tables</li> </ul>		Initial – no controls: <b>High</b>  Final - with controls: <b>Low</b>
<b>Office Activities / Equipment - Workstations</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces	Staff Visitors	<b>Management controls</b> <ul style="list-style-type: none"> <li>Office capacity to be reduced</li> <li>Desks allocated so that social distancing can be maintained</li> <li>Desks and touch points regularly cleaned – once a day minimum.</li> </ul> <b>Operational controls</b> <ul style="list-style-type: none"> <li>Avoid hot desking where possible - if unavoidable clean and sanitise desks when vacated</li> <li>Maintain desk / workstation clean and uncluttered</li> <li>Maintain good ventilation – open windows and doors when possible</li> </ul>		Initial – no controls: <b>High</b>  Final - with controls: <b>Low</b>
<b>Meetings</b> Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces	Staff Sub-contractors Visitors Vulnerable Persons	<b>Management controls</b> <ul style="list-style-type: none"> <li>Limit to essential only - keep to minimum attendees and short duration</li> <li>Meeting schedules are planned proactively so that employees have access to meeting software and devices when needed.</li> <li>Telephone and online meetings preferred approach.</li> </ul>		Initial – no controls: <b>High</b>  Final - with controls:

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
		<b>Operational controls</b> <ul style="list-style-type: none"> <li>Maintain safe distances during face to face meetings.</li> <li>Hold meetings / toolbox talks outdoors if possible</li> <li>Where possible conduct meeting remotely using MS Teams, Zoom or similar</li> </ul>		<p style="color: green;">Low</p>
<b>Training, Briefings, Toolbox Talks</b> Risk of contracting COVID-19 from close contact with others /touching contaminated surfaces	Staff Volunteers	<b>Management controls</b> <ul style="list-style-type: none"> <li>WRT/ return to work inductions cover COVID-19 risk assessments and safe working procedures, including social distancing and hygiene measures.</li> <li>Regular safety briefings / toolbox talks undertaken reinforcing COVID-19 procedures and control measures.</li> <li>Safety critical training identified and scheduled.</li> <li>Online training sourced as alternative to face-to-face.</li> <li>Records of attendance kept for all inductions, briefings, training session.</li> </ul>		Initial – no controls: <p style="color: red;">High</p> Final - with controls: <p style="color: green;">Low</p>
<b>Emergency Procedures, Fire &amp; Evacuation</b>  Risk of contracting COVID-19 from close contact with others / touching contaminated surfaces in the event of a fire / evacuation	Staff Sub-contractors Visitors	<b>Management controls</b> <ul style="list-style-type: none"> <li>Company specific assessment of emergency plans reviewed and updated regularly.</li> <li>Procedures in place in event of worker falling ill / showing severe symptoms (see guidance).</li> <li>RIDDOR reporting requirements for work-related COVID-19 exposure, diagnosis, fatality understood.</li> <li>Management team keep staff up to date with changes to emergency evacuation procedures through briefings.</li> <li>Minimise the number of people on the premises.</li> <li>Planned fire evacuations suspended until further notice.</li> <li>Muster point identified so that social distancing can take place.</li> <li>In an emergency, for example, an accident, fire, break-in or trespass, people do not have to social distance if it would be unsafe.</li> <li>People involved in the provision of assistance to others should pay particular attention to sanitation measures immediately afterwards, including washing hands.</li> <li>Extra PPE/ RPE available in office first aid kit, in case a potential COVID-19 sufferer needs to be treated</li> <li>In the event emergency First Aid is required refer to ‘First Aid during COVID-19 guidelines’.</li> </ul> <b>Operational controls</b> <ul style="list-style-type: none"> <li>Maintain good housekeeping in the workplace.</li> <li>Follow all emergency procedures.</li> </ul>	Face mask Gloves	Initial – no controls: <p style="color: red;">High</p> Final - with controls: <p style="color: orange;">Medium</p>

Hazard / Risk Description	Persons at Risk	Controls Implemented	PPE / RPE	Risk Level
<p><b>Mental Health First Aid -Stress and Anxiety</b></p> <p>Risk of developing stress and anxiety due to the COVID-19 situation</p>	<p>Staff</p>	<p><b>Management controls</b></p> <ul style="list-style-type: none"> <li>• Regular briefings of the company situation are given to all employees, e.g. company measures, changes to procedures, update on contracts, etc.</li> <li>• Clear procedures are in place for those employees that are exhibiting elevated signs of stress and anxiety.</li> <li>• Mental health first aiders are in place.</li> <li>• Mental Health Awareness training is provided to staff.</li> <li>• Keeping in touch with off-site workers on their working arrangements including their welfare, mental and physical health and personal security.</li> <li>• Mental Health Resources shared and central resource hub set up.</li> <li>• Mental health awareness posters are displayed in suitable locations.</li> <li>• Management hold regular meetings with their reports and are vigilant regarding stress in the workplace.</li> </ul> <p><b>Operational controls</b></p> <ul style="list-style-type: none"> <li>• Inform management/HR if you begin to feel anxious / stressed.</li> <li>• Watch out for signs of stress / anxiety in work colleagues.</li> <li>• Ensure you keep in regular contact with colleagues via email / MS Teams/ phone.</li> </ul>		<p>Initial – no controls: <b>High</b></p> <p>Final - with controls: <b>Medium</b></p>

**Wash hands frequently** with soap and water or use a sanitiser gel

Catch coughs and sneezes with **disposable tissues**

**Throw away used tissues**  
(then wash hands)

If you don't have a tissue  
**use your sleeve**

**Avoid touching your eyes, nose and mouth with unwashed hands**

**Avoid close contact with people who are unwell**

# Risk Assessment Matrix

RISK LEVELS					
Likelihood	x	Severity	=	Risk Rating Action Scale	Risk Level
1 = Rare / Very Unlikely		1 = No / trivial injury or illness		1 – 6	No further action needed – work may proceed <b>Low</b>
2 = Unlikely		2 = Minor / first aid injury or illness		7 – 11	Further controls required but work may proceed <b>Medium</b>
3 = Possible		3 = Over “7 day” injury or illness		12 – 19	Urgent, stronger control measures required <b>High</b>
4 = Likely		4 = Specified injury or illness		20 – 25	Withdrawal of process / activity – do not proceed! <b>Intolerable</b>
5 = Routine / Certain		5 = Fatality, disabling injury, etc.			

## Action Plan – Additional Controls

Hazard / Risk	Additional Controls Required	PPE / RPE	Who?	By When?	Priority
<b>Hazard - Mental Health First Aid -Stress and Anxiety</b> Risk of feeling isolated and disconnected due to home working	<b>Management controls</b> 'Stress in the Workplace' Risk Assessment to be reviewed. Further Mental Health First Aiders to be identified and trained. Remind staff of EAP counselling provision  <b>Operational – on site</b> Proactively talk to colleagues outside of your team and join in with weekly social. Contact HR for support.		All staff	Within 2 months.	<b>High</b>

<b>Urgent</b>	Action within 1 month	<b>Medium</b>	Action within 2 - 6 months
<b>High</b>	Action within 2 months	<b>Low</b>	Action within 3 - 12 months (over the course of the year)

## PROCEDURE

The following is a record of all WRT staff who have been provided with a copy of this risk assessment. Due to homeworking arrangements, social distancing and hygiene measures in place, employees are not required to sign to confirm receipt of this risk assessment. The person completing this form does this on their behalf.

As part of the communication process, WRT staff are made aware of their responsibility for:

- Following appropriate safe systems of work when conducting the work activity for which this risk assessment has been produced;
- Making proper use of equipment in accordance with training and instructions;
- Cooperating with WRT on health and safety matters;
- Informing Line Management about any serious danger or health and safety shortcomings; and
- Taking care to ensure their activities do not put others at risk.
